V. More Tips On The Back

- About WilsonSelect, more basic search options, and a WilsonSelect Web resource.

- **About WilsonSelect:**

Contains indexed and abstracted articles from periodicals, all with ASCII full text online. The database is comprised of records from the following H.W. Wilson databases: Readers' Guide Abstracts, Social Sciences Abstracts, Humanities Abstracts, General Science Abstracts and Wilson Business Abstracts.

WilsonSelect (H.W. Wilson's Select Full Text) is a collection of indexed and abstracted records with accompanying full text from over 400 periodicals from H.W. Wilson's General Science Abstracts, Humanities Abstracts, Readers' Guide Abstracts and Wilson Business Abstracts. This represents at least 50% of the titles covered from each of the above Wilson files. This multidisciplinary approach includes 70% of the titles held by over 200 OCLC member libraries.

- **Dates Covered:** 1994-01-01 to Present.
 - **Updated:** Weekly
-

- **Search options for the word, phrase box in a basic search:**

Variable	For Example	To tell FirstSearch to
+	Ocean+	Find records containing any of these words: ocean, oceans, oceanic, oceanography, etc...
Not	Renaissance and Ford Not Shakespeare	Find records containing Renaissance and Ford but exclude records containing Shakespeare.
w	library w instruction	Find records containing first library and then instruction with no other words between them.
w3	climate w3 change	Find records containing first climate and then change with no more than three other words between them.

- **WilsonSelect Web resource:**

BiblioTip Newsletter No. 3 on the Web focuses on WilsonSelect.
Access: <http://www.coaps.fsu.edu/lib/BiblioTip/Tip3.html>

This issue continues introductory information on WilsonSelect and also includes instructions on how to utilize the Browse Index option available from the basic search screen.
